

June 7, 2018

Thank you, Westside!

Wasn't Commitment Day a wonderful expression of our church family coming together in celebration of our faith and future? Watching the kids contribute to our capital initiative and share their heartwarming prayers was simply amazing. Individuals, couples and families coming forward with open hearts in support of our long-term vision was both humbling and exhilarating. We know from scripture how much God values this expression of gratitude and responsive generosity for every blessing each one of us has experienced.

This **Sunday, June 10** is **Celebration Sunday**. Don't miss it! We will share the results of our collective offering with you and celebrate God's provision. Our *Creating the Future Together* initiative has us dreaming and planning for greater ministry in our community for years to come. However, no dream is complete without a lot of hard work and commitment from the people who share the dream.

For this reason, I want you to know how impacting it was to see your personal commitment and sacrificial gifts to our future and new location. The stream of children, youth, and adults around the stage was a memory I will keep with me always! Your generous donation strengthens our vision and gives us confidence in how much more He can accomplish through all of us moving forward together.

We believe that our new location will become a *Meeting Point of Hope* for our friends and family, neighborhoods, city and region.

Let's continue to grow in prayer together through this season and specifically intercede for our next steps in this process. There is no doubt that our growing commitment to prayer has made a difference to our Westside family and mission.

Thank you,

A handwritten signature in black ink, appearing to read "David Manafó", with a horizontal line extending to the right.
